

The Harbord

The Harbord

3 Bedroom 2 Bathroom 2 Living

Great family living. Another stunning design from Classic which includes flexibility and design and has produced an outstanding result.

This residence has been designed with three bedrooms but could easily be designed with four.

One of the main features of this home is its capability for entertaining. By using large stacking doors, access to the generous hardwood decks outside creates a seamless transition from outside to inside that is so often evident in a Classic design.

The first floor accommodates the bedrooms and main bathroom. The master bedroom also features an ensuite, separate living area, large walk-in robe and its own private deck.

The conception of this magnificent residence, as with all of Classic's homes, has produced this outstanding home with a classic signature look.
